WELCOME TO THE WASHTENAW COUNTY DRUG/DWI TREATMENT COURT

This brochure provides an overview of the Washtenaw County Drug/DWI Treatment Court program, including what it is, who is eligible, and what is expected of program participants.

At the WCDTC, we know that substance abuse is a major factor in many criminal court cases. Substance dependent individuals repeatedly cycle through the court system without receiving the treatment needed to change their behavior.

Our goal is to connect participants with the resources needed to achieve long-term recovery and end their pattern of criminal activity.

The WCDTC is an 18-month program consisting of four phases, each designed to provide the treatment, supervision, and recovery support necessary to succeed in the program.

The following is a brief overview of the program and phase requirements:
