### **WATER RESOURCES STAFF CONTINUE EFFORTS TO ALLEVIATE FLOODING**

**Ann Arbor, MI.:** Water Resources Commissioner Pratt reports that all field staff are continuing to work throughout the County on various drainage concerns and reports of flooding. Responses are prioritized based on critical criteria such as safety, public health concerns, imminent damage, and impassable road conditions.

With more rain in the forecast for tonight and tomorrow residents are encouraged to continue reporting drainage issues. Providing pictures may help redirect staff to the areas that require immediate attention. Report concerns by calling 734-222-6860, emailing [drains@washtenaw.org](mailto:drains@washtenaw.org), or online at <https://gisappsecure.ewashtenaw.org/public/DSR/>. After-hour emergencies should be reported by calling 911.

Your continued patience while we respond is greatly appreciated.

*The mission of the Office of the Water Resources Commissioner is to provide for the health, safety and welfare of Washtenaw County citizens and the protection of surface water and the environment and to promote the long term environmental and economic sustainability of Washtenaw County by providing storm water management, flood control, development review and water quality programs.
