REQUEST FOR PROPOSAL #6597
Demolition of Buildings and Removal of Solid Waste Debris

ADDENDUM 2

The following are intended to clarify issues that were raised at the Prebid meetings at the Clarke-Sage property on February 3 and 8, 2011.

1. The base bid for demolition should include the cost of a hazardous materials survey but assume that no hazardous materials exceeding state regulation criteria are found. If hazardous materials are found on a site an additional cost proposal for their safe removal will be requested from the contractor.

Please provide hourly rates for the following in the space provided below:

- A. Removal of floor tile _____
- B. Removal of pipe rap _____
- C. Removal of transite siding _____

2. The contractor needs to schedule work in accordance with local frost laws in coordination with the owner (WCPARC).
3. Site restoration and seeding to be coordinated with the owner. Seeding specifications to be provided by the owner. For your bid assume a native seed mix costing \$50 per pound and a seeding rate of 30 pounds per acre.
4. The shut off of all site utilities is an owner responsibility and should not be included in the bid price.

PLEASE SIGN AND INCLUDE THIS ADDENDUM WITH YOUR PROPOSAL
