

Washtenaw County Agriculture: ... Farm-Direct Purchases

Washtenaw County MSUE is presenting the following information as an educational service. MSUE does not endorse any of the following businesses. MSUE does not make any guarantee as to the products for quality or service

Washtenaw County has a rich agricultural heritage. Even today, with expanding residential development in rural areas, you can make direct purchases from several local farm businesses.

We are building a directory of favorite spots where consumers go to buy agricultural goods. Here is a starter list. Check the Washtenaw MSU Extension webpage for updates beginning in fall, 2004.

[Donahee Farms](http://www.donaheefarms.com) www.donaheefarms.com

*All businesses are listed in the Washtenaw County phone directory. Farms
without websites can be found in directory sections under family last names.

**Washtenaw MSUE is in the process of expanding this directory. If you know of
other Washtenaw County farm businesses that sell directly to consumers please
send the farm business name and location to scorem@msue.msu.edu.
