

We, the undersigned, registered and qualified voters of the Charter Township of Pittsfield, in the County of Washtenaw, and the State of Michigan, petition for the calling of an election to recall James Walter from the office of Township Supervisor for the following reasons:

1. On September 27, 2005, he voted to increase his own salary, making him the highest paid township supervisor in Washtenaw County.
2. On September 29, 2005, he falsely stated in a letter that there was an agreement with Wal-Mart prohibiting RV overnight parking at the proposed Wal-Mart/State Street Crossings site.
3. On June 10, 2005, he usurped the authority of the Planning Commission by telling Washtenaw County Road Commission representatives that their suggested safety improvements to the Wal-Mart/State Street Crossings development were unacceptable to the Township.
4. During his current term in office he has failed to take any substantive action to ensure the safety and welfare of township residents regarding the State Street Crossings/Wal-Mart development and has undermined residents' efforts to mitigate the development's financial and safety impacts.

3. On June 10, 2005, he met with Washtenaw County Road Commission (WCRC) officials to discuss changing the main entrance of the proposed Wal-Mart store (at State Street and Michigan Avenue). Washtenaw County Road Commission officials urged the Township to consider a site plan change that would modify traffic impacts. He told the WCRC officials that this option was not acceptable to the Township. He made a site plan decision without first letting the Planning Commission vote on it.
4. During his current term in office he has failed to take any substantive action to ensure the safety and welfare of township residents regarding the State Street Crossings/Wal-Mart development and has undermined residents' efforts to mitigate the development's financial and safety impacts.
