

What do you think about this survey?

It was about time, and thanks. This is of great importance for the Hispanic community with respect to health and social advancement. I think it is needed to **make known the conditions of life that we have**. It's very good, something like this was needed. It is good that the concrete data about the lives of Latinos in wellness of us immigrants. That is the community. **Thank you for giving us important.** It was about time. Good to it is and how to take part in it. God bless **wellness of hard working Latinos**. I'm community. Everything is very important, **It seems to me very well for the fight for getting better benefits and for thinking about Latinos.** God bless you! I think is good because this way we are all taken in account, and they could know which are the areas where we need the most help. It's good because they can take in account each answer and find the way to help people. It's very important. **I support something like this for my community and my Latino brothers.** That is very important because it will benefit many people. That is good for the development of the Hispanic community. It's good because **now we will know how much Hispanic community is there in the county and how we participate with the community.** It seems very important for us Hispanics, thanks. It's perfect to think about the Latino community that don't speak English and cannot communicate. Thank you for thinking about all the Latinos and in this way one knows about the activities. Health is just one topic of many that are still lacking attention among Latinos. **More information is needed. Thanks for allowing me to give my opinion** so you can help the Hispanics! I like that you care about us and our needs. I think it is excellent because it **helps to organize the Latino community in Michigan.** I think it's good because we are all taken in account and it is known the area where we need more help. **We should always be united.** It is good that somebody is concerned about the Latino community in Washtenaw. It is very important because it will benefit a lot of people. Thanks for doing this survey. **Very important for our community.** Thanks for allowing me to give my opinion so you can help Hispanics!! It is very good and **I'm happy for the existence of organizations that support us** and are concerned for our wellbeing. Excellent, because it helps to have a clear vision of the community needs. This is very important for our community because here we find the support and services we need. Thank you. **We hope this survey issues are important?**

Affordable dental you offer another type of health insurance for people; good. **To help me find health insurance** with the new **problem of child obesity and the ignorance of the gynecologists.** **Emergencies are very expensive; check up or analysis when we are sick.** Medical exams for either men and women. Annual health check to know how to eat better/stress management, know **service for seniors to go to medical appointments.** nutrition and weight. Inform Hispanic people about discrimination related to this. Program of free dental it to find doctors or dentists who speak Spanish? Would **Hispanic people need access to doctors who speak Spanish.** To get medical services easier. General vaccinations. Physical therapy and chiropractor. Arthritis. More info about autistic children. Sexual orientation in couples. Info about how to detect a child who is either a bully or bullied at school. **Stress because one cannot drive, because one doesn't have a driver license.** It's important to cultivate our own food, and get to know other foods with a high vitamin content that many people don't know and don't include on their diets. How to get medical insurance. **We want more help with the dentist, it is too expensive and also help with the optometrists.** Help for immigrant people. Obesity. We need dentists. To insure Latinos as well as Americans. **That if you have an accident, how to pay the hospital if we don't have insurance.** How to deal with alcohol abuse or cancer. About how to treat and how to deal with diabetes. I'm an American citizen for years of residence here, but I'm worried because my relatives don't have driver's licenses, ID's, medical insurance. **Banks where they speak Spanish, translators in all hospitals.** How the language and the accumulation of money affects health. Dentists. Health of mothers. Contraceptive methods, it's important to be covered by the health insurance, or to make available or affordable to do a vasectomy as birth control, **how is it possible not covering us and wanting to pay a lot of expenses for pregnancies and childbirth?** I play with a team, but it's not a Latino team. I would like to play with Latino teams. Some public place for exercise. Emergencies. **Help for autistic children.** To inform Hispanics about addictions, such as alcohol, drugs and HIV and the discrimination in all these cases. To have a Latino Chamber of Commerce. **Being able to information for gay people.** To have support. The main didn't know it. Physical therapy. To get tested for most important thing- that we get licenses. **Every issues in your community or emergencies?** That we reach better unification. In some neighborhoods there is poor illumination, and we cannot sleep. **We need more schools to teach English or tutor who can teach us English and other things.** There aren't many meetings in Spanish. Surveillance cameras are good alternatives for protection. Security. The information about the legal agenda must be really professional, to support the Latino community in general. English classes. **To inform and to educate the community to avoid discrimination.** We need to have forms in English and Spanish. Robbery. Celebrate reunions in the communities. More help for families in need. **More socializing between neighbors.** That Latino leaders celebrate meetings, being involved and informed and to be the voice for all those who don't come forward for immigration reasons. I think that USA should help the Hispanics and Latinos who want to help this country to prosper, because **for me it is more important to give than to receive.** To make more sidewalks. More Latin stores. Public transportation. **Safer places.** We have a good group of Latino families to get together, but nobody is from my neighborhood because I've lived here for 5 years and don't know anybody. It would be good to have a webpage or printed media to be in contact with the Latino community in Ann Arbor, there are newspapers in Spanish only in Detroit. **Access to education. To have more organizations like yours and outreach to help Latinos in every possible aspect.** English classes. Where do I find services and stores in Washtenaw County? More support to organize the problems with documentation and free legal counsel for women. **I'm very glad you do this to help families and parents, because I suffered and survived all the barriers that my parents had to overcome.**

The Final Word From Our Good Neighbors About the Washtenaw County Encuesta Buenos Vecinos

won't be the last. **What other health services.** Keep helping Latinos. **Pain.** We would like that we already pay too much and the insurance is not Obama Care law. Obesity. Balanced nutrition. **The Latino community about it.** Affordable dentists and **usually the doctor does not prescribe us a assistance and especially dental.** Preventive care in up. **Youth activities.** Prostate cancer. Vision. Nutrition, how to control it. **Very important to maintain the taxi Family planning and dentists for kids.** Control of addictions like alcohol and drugs, about HIV and the hygiene for kids and sometimes for adults. How easy is want a Latino Chamber of Commerce. Health insurance. **Consul from my country in Detroit.** Would like to **go to work without fear.** Could have help and thing now is health insurance, my son lost it and I cancer and blood sugar. The fundamentals. The **possible help is welcome.** **Any other neighborhood?** How to help in Learning English for low income Hispanic people. some people who drink, make noise at night, and **English for free for Latinos.** A school to learn English or tutor who can teach us English and other things. There aren't many meetings in Spanish. Surveillance cameras are good alternatives for protection. Security. The information about the legal agenda must be really professional, to support the Latino community in general. English classes. **To inform and to educate the community to avoid discrimination.** We need to have forms in English and Spanish. Robbery. Celebrate reunions in the communities. More help for families in need. **More socializing between neighbors.** That Latino leaders celebrate meetings, being involved and informed and to be the voice for all those who don't come forward for immigration reasons. I think that USA should help the Hispanics and Latinos who want to help this country to prosper, because **for me it is more important to give than to receive.** To make more sidewalks.
